

# The Channeling Connection

## Newsletter

February, 2020

My friend, Ricardo Martinez created this chart to illustrate certain levels of Consciousness. If you are reading this newsletter, then you are probably residing in the upper third or so of 3D and, on occasion, your vibration may take you briefly into 4D. If you reside in 4D most of the time, you are said to be enlightened and 5D (ascension) is where we become non-physical.

The Vibro-meter is copyrighted and is not currently for sale. It is presented here with Ricardo's permission and, if anyone would like more information about the Vibro-meter or about levels of consciousness, they may go to: <https://www.acceptancetechnique.com>.

**Consciousness:** is awareness of what is happening around us and of what's going on within us. The Vibro-meter illustrates three levels or dimensions of consciousness (3D, 4D and 5D) and shows that consciousness correlates with vibration, i.e. the higher the vibration, the higher or more expanded is the level of consciousness. The Beings who are being channeled have a higher level of consciousness than we do. What does that mean?

Consider the example of an apartment building. If we live on the main floor and

look out of our window, we might see buildings across the street and a little way up and down the street. If we happened to live on the tenth floor, we might see what is behind the buildings across the street, e.g. a park, a lake or a forest. As well, we could see considerably further up and down the street.

That's somewhat like our channeled friends: They are aware of things that we are not and they have a perspective on things that we don't. The good news is that they are willing to share some of their perspective.

**What are these Channeled Beings like?** Based on my very limited experience with only 16 Channelers and a slightly larger number of Beings, here is what I've picked up, so far:

- Their levels of Consciousness range from 4D to 8D and maybe higher.
- Those with bodies can range from just under three feet to six and a half feet or more.
- Some wear clothes, some don't; some eat, some don't and some sleep, while others don't.
- Some present as male, some female and some don't seem to have any gender at all.
- Some physical Beings can live up to 800,000 of our years.
- It seems that most of those without bodies have no location. In a sense, they are everywhere or nowhere. Did you ever notice the spelling of nowhere = now here?
- Most Humans have lived on other planets or in other realms. Most of us are hybrids.
- Some of those who are spiritual have been physical and report that it is much easier being spiritual. One said he'll never be human again but then acknowledged that it may not be entirely his decision. Some higher dimensional individuals do prefer to be physical but I haven't heard any say they prefer to be human. It is very tough and heroic to be Human.
- Some have interesting pursuits, e.g. one creates new species of flowers for our planet, one dances on the rings of Saturn and one lives in a rock. Some are healers and many are teachers or teachers-in-training. Some are bringing light to where there is darkness, and some observe Earth and Humans to learn about our ways, especially our emotionality, which seems to range as widely as that of any civilization in our universe. Lots of them are hovering around looking for appropriate Humans through whom they might channel.

Kate Woodley recently did a Zoom channeling for The AREI Automatic Writing/Mediumship Discussion group. She channeled Eir Ar, a Blue Avain, 8<sup>th</sup> dimensional Being. This session was video recorded and contains a great deal of metaphysical information.

The Automatic Writers group has an international membership. For further information or to sit in, contact Sheila Lowe at [sheilalowe@roadrunner.com](mailto:sheilalowe@roadrunner.com).

**Podcasts:** Shortly after this channeling adventure started, I began doing podcasts to showcase the Channelers and their respective Beings. One of the early ones was done with Gail Scott and her celestial friends, Alaster. I spoke with Gail first and then I had a conversation with Alaster. To listen in, click on the link under Gail's photo.

In this recorded message, Karen (Kare) Heywood channels The Crystal Beings. Their message is entitled: **Love is Dissolving the Old Ways** and they introduce it by stating that: *"The Essence of Love is coming into the planet and all the beings upon it. All beings are being influenced by this higher frequency."* To hear this message, click the link under Kare's photo.

Last month, when I announced the website that the three Ks had created, I overlooked their monthly newsletter. Those who subscribe to it get a free recording each month. To get yours, go to: <https://ascensioncalling.com/> and click the button that says: "Go to free channelings".\_

If you have enjoyed the recordings that were included in this issue, there are more on The Channeling Connection Facebook Group page. If you haven't already joined, click on this link and hit the join button: <https://www.facebook.com/groups/662087010946822>

Before this adventure in channeling began, I wrote a little book about Spirituality. Among other things, I wanted to explain what Spirituality is, how we can grow it and what holds us back.

This book has received many positive reviews and here are two from our channeled friends.
